

## Avre Tu Puerta

Avre tu puerta cerrada  
Qu'en tu balcon dinguna luz no hay  
Ma el amor que yo ati mi bella  
partemos juntos de aqui.

Si es por agradarte  
Na la mi sangre pronta por vertir  
Si la mi sangre no te puede convencer  
Na la mi muerte con gran plazer.

Por las calles que tu iràs  
la mi solombra te arrelumbraràs  
Y "ahes" muchos echaràs  
cuando de mi te acordaràs.

Open your door  
There is no light on your balcony  
But love binds me to you, my beauty  
Let us go away together

If it pleases you  
Have my blood spilled for you  
If my blood can't convince you  
Have my death, with pleasure.

As you wander through the streets  
My shadow will light the way  
You will sigh many times  
When you think of me.

## All Is At Rest

All is now still  
And all is at rest  
Sleep shall now fill  
Your eyelids blessed  
Outside murmurs gently the breeze  
And sings its song among the trees
